Erasmus+ Projects in Tenerife

Location: TENERIFE

Tenerife is a well-known and **popular holiday destination** in the Canary Islands, which offers a large scale of internship opportunities in Tourism and other sectors as well. With its **mild, sunny climate throughout the whole year** it is a very desirable destination for students and their tutors.

Due to favourable tax rates, Tenerife has a well developed **tourist and business infrastructure**. Many of our interns have found permanent work here after completing their placements. Thanks to the **internationality of the island**, it is also a great place for young people to make friends with students from all over Europe and beyond.

One of our academies is located in **Puerto de la Cruz**, which was once a small fishing village, but is now a popular tourist resort town. It is renowned for its charm, friendly locals and of course it's warm subtropical climate. The other academy you can find in **Costa Adeje**, the municipality of the southwest of the island. This part of Tenerife is more touristic with sunny, **tropical weather**, never-ending beaches and **wonderful natural sights** attract numerous holidaymakers all year round.

The island offers entertainment for all ages: **diving, hiking, parasailing, surfing** and other exciting activities are available to Tenerife's visitors. Sunny days at the beach and cheerful nightlife follow each other closely.

Why should you work with us?

- We have organized and realised more than 150 EU funded **Mobility Projects** over the last 20 years
- Project design and budget calculation are our speciality: we can help you prepare the **best application for your Erasmus+** funding;
- Our offer of specialised language courses by **qualified Spanish teachers**;
- **Training partnerships** with schools and local companies;
- Support with completing and signing-off of **Europass** certificates;
- A comprehensive **final report** for the sending organisation;
- More than **500 students** per year visit us in Tenerife and gain **unique experiences** and memories for life!

LEARNING IN THE SUN

Meet Our Colorful Team

Seventeen years of experience in organizing EU funded projects on our warm, sunny Canary Island has given hundreds of students the opportunity to gain valuable work experience. They go home with **improved work and Spanish language skills** and amazing memories of their time here. Tenerife Island is not only about sun, but about **promoting the mobility of students** from many different European countries.

Within the framework of the new EU Erasmus+ programme, particularly KA 1 - **Learning Mobility for Individuals**, the FU International Academy Tenerife will continue to act as a Receiving Partner hosting students and **organizing work placements in many different sectors**. For example: Travel & Tourism, Hotel Management & Accounting, Hair & Beauty, Marketing, Business and Media Communication.

LEARNING IN THE SUN

Preparation Period

You will start with language courses and cultural activities

- Language or Digital Marketing Certification, mentioning all the seminars that you attended!
- Europass Certificate: With an overview of your skills, strengths and the accomplishments during your internship. You don't want to miss this when looking for a new job!

LEARNING IN THE SUN

Leisure Time

“Our Spanish classes with Álvaro were really nice as well. Instead of teaching us in a boring and monotonous manner, he taught us in a playful and funny way. The academy also provided us with a lot of leisure time activities.”

MELISSA TEZEL,
Germany

LEARNING IN THE SUN

More Leisure Activities

With a full schedule of optional extra activities our leisure team will ensure that you enjoy your free time here.

[Every Monday - Botanical Garden](#)

Work Placements

Are you ready? Let's start with a project idea!

LEARNING IN THE SUN

Within the framework of the Erasmus+ Programme you have **countless opportunities** to apply for fundings, starting from **learning mobility of individuals** the programme offers alternatives for cooperations between different institutes and policy reforms as well.

We know that applying for Erasmus+ can be very time-consuming.

Because of that it is a pleasure for us to assist you in completing your application form! We have prepared extensive information about our project offerings to make the application process a breeze.

Ask for our Template documents!

The top priorities of **Erasmus+ Youth mobility projects** are:

- to support youth with entering into the digital world,
- to assist with learning how to use tools and programmes in a competent and adapted way
- to assist with the development of basic and transversal skills, such as **entrepreneurship, digital skills and multilingualism** in the digital realm
- to use innovative and learner-centred pedagogical approaches and to develop appropriate assessment and certification **methods based on learning outcomes**

Organizational and social skills:

- Promoting the participant's social inclusion and wellbeing through seminars that address **career-building opportunities**, provide entrepreneurial tips and promote **self-awareness activities**.
- Meeting people from Spain and other countries at the language school, exchanging information about their own culture and **learning about cultural differences in Spain**.
- Providing the opportunity to join in leisure time and cultural **activities at the FU Academy**.
- Enhancing **time-management skills**, as participants have a busy schedule during these two weeks and are therefore required to carefully plan the time spent on each task.
- Developing an awareness of **responsible independent living**.
